I enjoy talking with people. I drop my pen when doing word searches and forget where I was. I have trouble finding my pen again.	I enjoy doing my word searches. I would like to have multiple pens nearby so I can continue doing my word searches. It would also be nice to talk to someone while doing the word searches.	12/23/09	Act	1. During one on one visits ask if she needs any materials to complete her in-room activities. 2. Ask resident if she would like any assistance with her in-room activities such as her word searches. 3. Ask resident when a she would like to have another visit.

My experiences fighting in WWII are very important to me, however it feels as if no one is willing to make the time to talk to me about what I did for my country	I would like for someone here to take the time to engage me in conversations about my experiences while serving in the military.	12/23/09	Social Worker	1. Tuesdays and Thursdays, reminisce with resident about things such as time spent in the military and his family for about 10-15 minutes. 2. Follow up on any requests made by resident during the conversations.
